#### **E. COLORADO**

##### **DATES OPEN**

- **Event's Primary Audience:** Colorado Caucus Goers
- **Date:** Open
- **Location:** Denver, CO
- **Event type:** Campaign Rally
- **Notes:** This event would draw caucus goers from CD 1, CD 6 and CD7 accounts for 51% of caucus goers, 79% of African-American caucus goers, and 54% of Latino caucus goers in the state. These CD's have 20 national delegates tied to them out of the 42 national delegates tied to Congressional districts.
- **Event's Primary Audience:** Colorado Caucus Goers
- **Date:** Open
- **Location:** Jefferson County, CO
- **Event type:** Campaign Rally
- **Notes:** Ed Perlmutter is "Mr. Jefferson County" and it could get him more engaged (politically and raising money).
- **Event's Primary Audience:** Colorado Caucus Goers
- **Date:** Open
- **Location:** Fort Collins, CO
- **Event type:** Campaign Rally

- **Notes:** The 2016 State Convention is in Larimer County in so success here would make it easier to turn out delegates to the state convention. Larimer County is our best chance to be competitive in CD2 (along with older white women in Boulder). We have very little infrastructure which the results of a rally would instantly solve.
